

An aerial photograph of a campsite. In the center, a large grassy field is filled with numerous yellow and grey tents arranged in rows. To the left, there is a long wooden building with a blue roof. To the right, a large, circular building with a grey, domed roof is visible. The background consists of a dense forest of tall evergreen trees on a hillside. A paved road curves around the left side of the campsite. A green thought bubble with the text '杉の子広場' is positioned in the upper right quadrant of the image.

杉の子広場

夏はテント設営や虫探し、冬はクロスカントリースキー等
多目的な利用が可能です。
